CONTENTS OF VOLUME ELEVEN

★

NUMBER 1. *Blood Coagulation and Thrombosis*

Scientific Editor: J. V. DACIE

		PAGE
INTRODUCTION	*R. G. Macfarlane*	1
Assessment of Clotting Efficiency	*Rosemary Biggs*	5
Haemophilia and Allied Disorders of Blood Coagulation	*W. R. Pitney & J. V. Dacie*	11
Circulating Anticoagulants	*C. Hougie*	16
Role of Platelets in Coagulation, Thrombosis and Haemostasis, with some Observations on Platelet Dysfunction, including Thrombasthenia	*J. F. Ackroyd*	21
Platelet Agglutinins and Lysins in the Pathogenesis of Thrombocytopenic Purpura, with a Note on Platelet Groups	*J. F. Ackroyd*	28
Mural Thrombosis in Arteries	*J. B. Duguid*	36
Mode of Action of Coumarin Drugs	*A. S. Douglas*	39
Clinical Application of Anticoagulant Drugs	*Catherine C. Burt*	45
The Nature of the Fibrinogen–Thrombin Reaction	*Kenneth Bailey & F. R. Bettelheim*	50
Large-Scale Separation of Clotting Factors from Human Plasma	*R. A. Kekwick*	54
Chemistry of Coumarin Anticoagulant Drugs	*R. B. Hunter & D. M. Shepherd*	56
Chemistry and Mode of Action of Heparin and Related Compounds	*Kenneth W. Walton*	62
The Rubicon : Changing Views on the Relationship of Thrombosis and Blood Coagulation	*A. H. T. Robb-Smith*	70
Book Reviews		78

★

NUMBER 2. *Hormones in Reproduction*

Scientific Editor: A. S. PARKES

INTRODUCTION	*A. S. Parkes*	83
The Effect of External Stimuli on the Breeding-Cycle of Birds and Mammals	*E. C. Amoroso & L. Harrison Matthews*	87
Neurohumoral Mechanisms in Reproduction	*B. T. Donovan & G. W. Harris*	93
Biology of the Gonadotrophins	*R. L. Noble & E. R. Plunkett*	98
Chemistry of the Gonadotrophins	*C. J. O. R. Morris*	101
Endocrinology of the Testis	*A. S. Parkes*	105
Biology of the Oestrogens	*S. Zuckerman*	111
Endocrinology of Pregnancy	*E. C. Amoroso*	117
Biochemistry of the Gonadal Hormones	*R. K. Callow*	126
Synthetic Oestrogens	*Sir Charles Dodds*	131
Biological Assay of the Gonadal and Gonadotrophic Hormones	*C. W. Emmens*	135
Clinical Value of Hormone Estimations	*Eleanor H. Venning*	140
Hormones in Mammary Growth and Function	*S. J. Folley*	145
The Posterior Pituitary Gland in Relation to Reproduction and Lactation	*B. A. Cross*	151
Role of the Adrenal Cortex in Reproduction	*I. Chester Jones*	156
Hormones and Human Fertility	*G. I. M. Swyer*	161
Hormones in Relation to Fertility in Farm Animals	*John Hammond*	165
Book Reviews		169

Hormones in Relation to Fertility in Farm Animals	*John Hammond*	165
Book Reviews		169

NUMBER 3. *Surgery of the Heart and Thoracic Blood Vessels*

Scientific Editor: N. R. BARRETT

		PAGE
INTRODUCTION	*Sir Russell Brock*	171
Anaesthesia for Cardiac Surgery	*A. I. Parry Brown & B. A. Sellick*	174
Selection of Patients for Surgery in Congenital Heart Disease	*Maurice Campbell*	178
Indirect Operations in Cyanotic Heart Disease	*G. A. Mason*	183
Direct Operations in the Treatment of Pulmonary Stenosis	*Sir Russell Brock*	189
Surgery of Septal Defects : the Present Position	*D. N. Ross*	193
Surgical Treatment in Coarctation	*O. S. Tubbs*	197
Surgical Treatment of Persistent Ductus Arteriosus	*O. S. Tubbs*	200
Selection of Patients for Surgery in Acquired Heart Disease	*Paul Wood*	203
Operative Treatment for Mitral Stenosis	*T. Holmes Sellors*	208
Surgery of the Aortic Valve	*N. R. Barrett*	213
Problems in the Surgical Treatment of Valvular Incompetence	*Andrew Logan*	215
Arterial Reconstruction, with Special Reference to the Use of Homografts	*C. G. Rob & H. H. G. Eastcott*	217
Hypothermia	*E. J. Delorme*	221
Practical Applications of Hypothermia	*D. N. Ross*	226
Cardiac Resuscitation	*I. K. R. McMillan*	229
Cross-Circulation	*A. T. Andreasen*	233
The Artificial Heart-Lung and its Practical Application to Cardiac Surgery	*W. P. Cleland & D. G. Melrose*	236
Book Review		242

INDEX TO VOLUME ELEVEN

Names printed in large capitals are those of authors who have contributed articles to the symposia. Titles of books are printed in italic. Titles of symposia are printed in bold type.

A

Abortion, threatened, clinical value of hormone estimation in, 142, 143
ACKROYD, J. F. : Platelet agglutinins and lysins in the pathogenesis of thrombocytopenic purpura, with a note on platelet groups, 28
—— Role of platelets in coagulation, thrombosis and haemostasis, with some observations on platelet dysfunction, including thrombasthenia, 21
Adrenal cortex, role in reproduction, 156
—— gland, hyperplasia, treatment with cortisone, 164
Adrenocorticotrophin, galactopoietic properties of, 149
Adrenogenital syndrome, 159
Allylisopropylacetylurea, thrombocytopenic purpura due to, 32
Aminosugars, biochemistry of, 170
AMOROSO, E. C. : Endocrinology of pregnancy, 117
—— & MATTHEWS, L. H. : The effect of external stimuli on the breeding-cycle of birds and mammals, 87
Anaesthesia for cardiac surgery, 174
ANDREASEN, A. T. : Cross-circulation, 233
Androgens, biological assay of, 135
—— biology of, 107
Androstenedione, biochemistry of, 128
Androsterone, biochemistry of, 126
Angina pectoris, results of anticoagulant therapy, 48
Anticoagulant drugs, clinical application of, 45
—— —— coumarin group, chemistry of, 56
—— therapy, contra-indications, 46
—— —— results, 47
Anticoagulants, circulating, 16
Aorta, coarctation, surgical treatment in, 197
—— —— —— —— selection of patients for, 181
Aortic stenosis, operations for, 213
—— —— surgical treatment, selection of patients for, 181, 207
—— valve, incompetence, surgical treatment of, 207, 214, 216
—— —— surgery of, 213
Arteries, obliterative disease, results of anticoagulant therapy, 47
—— reconstruction, 217
—— —— indications, 219
—— suture of, 217
—— thrombosis, mural, 36
Atherosclerosis, relation to mural thrombi, 36
Atrial septal defects, surgical treatment of, 193

B

BAILEY, K. & BETTELHEIM, F. R. : The nature of the fibrinogen–thrombin reaction, 50
BARRETT, N. R. : Surgery of the aortic valve, 213
BETTELHEIM, F. R., *see* BAILEY, K., 50
Bibliography: *Garrison and Morton's medical bibliography*, 242
—— *Scientific books, libraries, and collectors*, 170
BIGGS, R. : Assessment of clotting efficiency, 5
Biographical notes on contributors, 81, 85, 240
Blalock's anastomosis in cyanotic heart disease, 184
Blood coagulation and thrombosis, symposium on, 1-77
—— —— anticoagulant drugs, 45
—— —— assessment of efficiency of, 5
—— —— circulating anticoagulants, 16
—— —— defect, 5
—— —— factors and reagents, 6
—— —— —— large-scale separation from plasma, 54
—— —— historical aspects, 71
—— —— relationship to thrombosis, 70
—— —— role of platelets in, 21
—— —— tests, 5, 7, 9
—— —— Virchow's contribution, 73
—— groups, human, 78
—— —— —— distribution of, 78
—— plasma, large-scale separation of clotting factors from, 54
—— —— separation of protein fractions from, 79
—— platelet groups, 30
—— platelets, abnormal, disorders associated with, 25
—— —— agglutinins and lysins, in pathogenesis of thrombocytopenic purpura, 28
—— —— role in coagulation, thrombosis and haemostasis, 21
Book reviews, 78, 169, 242
Breast. *See* Mammary gland
Breeding-cycle of birds and mammals, effect of external stimuli on, 87
British Pharmaceutical Codex 1954, 80
BRITISH POSTGRADUATE MEDICAL FEDERATION : *Lectures on the scientific basis of medicine. Volume II : 1952–53*, 79
BROCK, Sir R. : Direct operations in the treatment of pulmonary stenosis, 189
—— Surgery of the heart and thoracic blood vessels : introduction to symposium, 171
BROWN, A. I. P. & SELLICK, B. A. : Anaesthesia for cardiac surgery, 174
BURT, C. C. : Clinical application of anticoagulant drugs, 45

C

CALLOW, R. K. : Biochemistry of the gonadal hormones, 126
CAMPBELL, M. : Selection of patients for surgery in congenital heart disease, 178
Castration, effects of, 105
Christmas disease, 9, 13
—— —— treatment of haemorrhage in, 15
—— factor, 12, 13
CLELAND, W. P. & MELROSE, D. G. : The artificial heart-lung and its practical application to cardiac surgery, 236
Clot retraction, 23
Contributors, biographical notes on, 81, 85, 240
Corpus luteum, role in pregnancy, 119
Coumarin derivatives, distribution and metabolism in the body, 58
Coumarin drugs, chemistry of, 56
—— —— discovery and development, 39
—— —— effect on coagulation, 40
—— —— mechanism and site of action, 39
CROSS, B. A. : The posterior pituitary gland in relation to reproduction and lactation, 151
Cross-circulation, 233

D

DACIE, J. V., *see* PITNEY, W. R., 11
DELORME, E. J. : Hypothermia, 221
Dicoumarol, clinical application, 45
—— mode of action, 39
Diethylstilboestrol, development of, 131
DODDS, Sir C. : Synthetic oestrogens, 131
Donor circulation, 233
DONOVAN, B. T. & HARRIS, G. W. : Neurohumoral mechanisms in reproduction, 93
DOUGLAS, A. S. : Mode of action of coumarin drugs, 39
Ductus arteriosus, patent, surgical treatment of, 200
—— —— —— —— —— selection of patients for, 181
DUGUID, J. B. : Mural thrombosis in arteries, 36

E

EASTCOTT, H. H. G., *see* ROB, C. G., 217
ECKSTEIN, P. & ZUCKERMAN, S. (editors) : *The technique and significance of oestrogen determinations*, 169
Education, medical, proceedings of First World Conference, 1953, 80
Embolism, pulmonary, massive, surgical treatment of, 203
—— —— results of anticoagulant therapy, 47
EMMENS, C. W. : Biological assay of the gonadal and gonadotrophic hormones, 135

F

Fallot's tetralogy, surgical treatment, direct operations, 190
—— —— —— —— selection of patients for, 179
Fertility, human, promotion with hormones, 161
—— in farm animals, promotion with hormones, 165
—— papers read at the conference of the Society for the Study of Fertility. 1954, 169
Fibrillation, ventricular, management of, 231
Fibrin clot, 52
—— formation, 5
Fibrinogen, nature of, 50
Fibrinogen–thrombin reaction, nature of, 50
Fibrinopenia, 5
FLOREY, Sir H. W. (editor) : *Lectures on genera pathology*, 79
FOLLEY, S. J. : Hormones in mammary growth and function, 145
Follicle-stimulating hormone, biology of, 99
—— —— chemistry of, 102

G

Galactopoiesis, 148
Garrison and Morton's medical bibliography, 242
Gonadal hormones, biochemistry of, 126
—— —— biological assay of, 135
Gonadotrophin, pregnant mare serum, biology of, 99
—— —— —— —— chemistry of, 104
Gonadotrophins, assay, clinical applications, 140
—— biological assay of, 138
—— biology of, 98
—— chemistry of, 101
—— chorionic, biology of, 98
—— —— chemistry of, 103
—— follicle-stimulating, biology of, 99
—— —— chemistry of, 102
—— luteinizing, biology of, 99
—— —— chemistry of, 101
—— luteotrophic, biology of, 100
—— placental, 121
—— relation to pituitary activity, 93

H

Haemophilia, 9
—— diagnosis, 13
—— historical aspects, 74
—— inheritance, 13
—— recent advances in knowledge, 11
—— terminology, 12
—— treatment, 14
Haemorrhagic disorders, historical aspects, 73
Haemostasis, role of platelets in, 25
HAMMOND, J. : Hormones in relation to fertility in farm animals, 165
HARRIS, G. W., *see* DONOVAN, B. T., 93
HARRISON, R. G. (editor) : *Studies on fertility : including papers read at the conference of the Society for the Study of Fertility, London, 1954*, 169
Heart, arrest, resuscitation in, 229
—— atrial septal defects, surgery in, 193
—— disease, acquired, surgical treatment, selection of patients for, 203
—— —— congenital, cyanotic, indirect operations in, 183
—— —— —— selection of patients for surgical treatment, 178
—— —— ischaemic, surgical treatment of, 204
—— displacements, surgical treatment, selection of patients for, 180
—— massage, 230
—— pace-makers, artificial, 232
—— septal defects, surgical treatment, selection of patients for, 182
—— surgery, anaesthesia for, 174
—— —— artificial heart-lung in, 236
—— —— donor circulation, 233
—— —— in congenital disease, selection of patients for, 178
—— valvular incompetence, problems in surgical treatment, 215
—— wounds, surgical treatment of, 203
Heart-lung, artificial, 236
Heparin, chemistry and mode of action, 62
—— clinical application, 45
—— related compounds, chemistry and mode of action, 66
—— toxicity and side-effects, 67
Homografts in arterial reconstruction, 218
Hormone estimations, clinical value of, 140
Hormones in reproduction, symposium on, 83-168
HOUGIE, C. : Circulating anticoagulants, 16
HUNTER, R. B. & SHEPHERD, D. M. : Chemistry of coumarin anticoagulant drugs, 56
Hypotension, induced, in cardiac surgery, 177
Hypothalamus, effect of stimulation and lesions on reproduction, 93
Hypothermia, 221
—— practical applications of, 226

I

Infertility, human, treatment with hormones, 161
Insulin, galactopoietic properties of, 149

J

JONES, I. C. : Role of the adrenal cortex in reproduction, 156

K

KEKWICK, R. A. : Large-scale separation of clotting factors from human plasma, 54
—— & MACKAY, M. E. : *The separation of protein fractions from human plasma with ether*, 79
KENT, P. W. & WHITEHOUSE, M. W. : *Biochemistry of the aminosugars*, 170

L

Lactation, role of hormones in initiation and maintenance, 147
—— —— of posterior pituitary, 151
Lectures on the scientific basis of medicine. Volume II : 1952–53, 79
Light, effect on breeding-cycle in birds and mammals, 87
LOGAN, A. : Problems in the surgical treatment of valvular incompetence, 215
Luteinizing hormone, biology of, 99
—— —— chemistry of, 101
Luteotrophic hormone, biology of, 100

M

MACFARLANE, R. G. : Blood coagulation and thrombosis : introduction to symposium, 1
MACKAY, M. E., *see* KEKWICK, R. A., 79
McMILLAN, I. K. R. : Cardiac resuscitation, 229
Mammary gland, growth and function, hormonal control of, 145
MANN, T. : *The biochemistry of semen*, 170
MASON, G. A. : Indirect operations in cyanotic heart disease, 183
MATTHEWS, L. H., *see* AMOROSO, E. C., 87
Medicine, history, *Garrison and Morton's medical bibliography*, 242
—— scientific basis, lectures on, 79
MELROSE, D. G., *see* CLELAND, W. P., 236
Menstrual cycle, mechanism of, 114
Milk ejection, role of posterior pituitary in, 151
Mitral valve, anatomy and pathology of, 208
—— —— incompetence, surgical repair of, 206, 215
—— —— stenosis, circulatory mechanics of, 209
—— —— signs and symptoms, 209
—— —— —— surgical treatment, 208
—— —— —— —— —— complications, 211
—— —— —— —— —— results, 211
—— —— —— —— —— selection of patients for, 204, 209
—— —— —— —— —— technique, 210
—— —— —— treatment, post-operative, 211
MORRIS, C. J. O. R. : Chemistry of the gonadotrophins, 101
MORTON, L. T. : *Garrison and Morton's medical bibliography : an annotated check-list of texts illustrating the history of medicine*, 2nd ed., 242
MOURANT, A. E. : *The distribution of the human blood groups*, 78

N

Neurohumoral mechanisms in reproduction, 93
NOBLE, R. L. & PLUNKETT, E. R. : Biology of the gonadotrophins, 98

O

Oestradiol, biochemistry of, 127
Oestriol, biochemistry of, 126
Oestrogen activity, control of, 115
—— determinations, technique and significance of, 169
—— effect in the female, 111
—— —— in the male, 112
—— effects on behaviour, 115
Oestrogens, assay, clinical value of, 143
—— biological assay of, 136
—— biology of, 111
—— metaplastic changes due to, 113
—— synthetic, 131
—— —— biological activity of, 133
—— —— uses of, 133
Oestrone, biochemistry of, 126
Oestrus, role of pituitary in, 95
Ova, fertilized, transplantation, 167
Ovary, endocrine role of, 118
—— relationship with placenta, 119
Ovulation, neurohumoral mechanisms in, 95
—— rate in animals, effect of hormone administration on, 166
Oxytocin secretion, 154

P

PARKES, A. S. : Endocrinology of the testis, 105
—— Fifty years of reproductive endocrinology : introduction to symposium on hormones in reproduction, 83
Parturition, role of posterior pituitary in, 153
Pathology, general, lectures on, 79
Pelvis, adaptations in pregnancy, 120
Pericardiectomy in Pick's disease, selection of patients for, 203
PHARMACEUTICAL SOCIETY OF GREAT BRITAIN : *British Pharmaceutical Codex 1954*, 80
Pick's disease, surgical treatment, selection of patients for, 203
PITNEY, W. R. & DACIE, J. V. : Haemophilia and allied disorders of blood coagulation, 11
Pituitary, anterior, role in pregnancy, 117
—— posterior, relation to reproduction and lactation, 151
—— role in gonadotrophic activity, 93
Placenta, gonadotrophins, 121
—— hormones, and evolution of viviparity, 122
—— relationship with anterior pituitary, 117
—— —— with ovary, 119
Plasma, large-scale separation of clotting factors from, 54
Platelets. *See* Blood platelets
PLUNKETT, E. R., *see* NOBLE, R. L., 98
Potts' anastomosis in cyanotic heart disease, 185
Pregnancy, diagnostic tests, 142, 143
—— endocrinology of, 117
Pregnanediol, biochemistry of, 126
Proceedings of the First World Conference on Medical Education, 80
Progesterone assay, clinical value of, 142
—— biochemistry of, 127
—— biology of, 119
—— effect on myometrial function, 120
Progestogens, biological assay of, 137
Protein fractions, separation from human plasma with ether, 79
Prothrombin time, one-stage test, 5, 9
Puberty, mechanism of onset, 95
Pulmonary atresia, surgical treatment, selection of patients for, 179
—— stenosis, surgical treatment, direct operations, 189
—— —— —— —— selection of patients for, 179, 180
—— valvotomy, 189
Purpura, thrombocytopenic, due to drug hypersensitivity, 31
—— —— idiopathic, 28
—— —— pathogenesis, role of platelet agglutinins and lysins in, 28
Purpuras, history of knowledge of, 73

R

RACE, R. R. & SANGER, R. : *Blood groups in man*, 78
Relaxin, biological assay of, 138
Reproduction and sex, 169
—— in birds and mammals, effect of external stimuli on, 87
—— neurohumoral mechanisms in, 93
—— role of adrenal cortex, 156
—— —— of posterior pituitary, 151
Resuscitation, cardiac, 229
ROB, C. G. & EASTCOTT, H. H. G. : Arterial reconstruction, with special reference to the use of homografts, 217
ROBB-SMITH, A. H. T. : The Rubicon : changing views on the relationship of thrombosis and blood coagulation, 70
ROSS, D. N. : Practical applications of hypothermia, 226
—— Surgery of septal defects : the present position, 193

S

SANGER, R., *see* RACE, R. R., 78
Scientific books, libraries, and collectors, 170
Sedormid, thrombocytopenic purpura due to, 32
SELLICK, B. A., *see* BROWN, A. I. P., 174
SELLORS, T. H. : Operative treatment for mitral stenosis, 208
Semen, biochemistry of, 170
Sexual cycle in birds and mammals, effect of external stimuli on, 87
SHEPHERD, D. M., *see* HUNTER, R. B., 56
Somatotrophin, galactopoietic properties of, 148
Sperm transport, role of posterior pituitary in, 154
Sterility, treatment with hormones, 161
Stilboestrol, discovery and development of, 131
—— in treatment of cancer, 134
Studies on fertility, 169
Surgery of the heart and thoracic blood vessels, symposium on, 171–239
SWYER, G. I. M. : Hormones and human fertility, 161
—— *Reproduction and sex*, 169

T

Temperature, effect on breeding-cycle in birds and mammals, 89
Testis, effects on transplantation, 106
—— endocrinology of, 105
—— hormones, 106
Testosterone, biochemistry of, 126
—— effects on secondary sexual characters, 108
THORNTON, J. L. & TULLY, R. I. J. : *Scientific books, libraries, and collectors : a study of bibliography and the book trade in relation to science*, 170
Thrombasthenia, 25
Thrombin formation, 5
Thrombin–fibrinogen reaction, nature of, 50
Thrombocytopenic purpura, pathogenesis, role of platelet agglutinins and lysins in, 28
Thrombo-endarterectomy, 217
Thromboplastin formation, 21
Thrombosis, arterial, results of anticoagulant therapy, 47
—— coronary, results of anticoagulant therapy, 47
—— development of knowledge of, 72
—— mural, arterial, 36
—— relationship to blood coagulation, 70
—— role of platelets in, 25
—— venous, results of anticoagulant therapy, 47
—— Virchow's contribution, 73
Thyroxine, galactopoietic properties of, 149
Tricuspid valve, atresia, surgical treatment, selection of patients for, 180
—— —— incompetence, 215
—— —— stenosis, surgical treatment, selection of patients for, 207
TUBBS, O. S. : Surgical treatment in coarctation, 197
—— Surgical treatment of persistent ductus arteriosus, 200
TULLY, R. I. J., *see* THORNTON, J. L., 170

V

Valvotomy, pulmonary, 189
Vein grafts, autogenous, 217
VENNING, E. H. : Clinical value of hormone estimations, 140
Vitamin K analogues, 59
—— —— and anticoagulant action, 58

W

WALTON, K. W. : Chemistry and mode of action of heparin and related compounds, 62
WHITEHOUSE, M. W., *see* KENT, P. W., 170
WOOD, P. : Selection of patients for surgery in acquired heart disease, 203
WORLD MEDICAL ASSOCIATION : *Proceedings of the First World Conference on Medical Education, London, 1953, held under the auspices of the World Medical Association*, 80

Z

ZUCKERMAN, S. : Biology of the oestrogens, 111
—— *see* ECKSTEIN, P., 169

Printed in Great Britain by Spottiswoode, Ballantyne & Co. Ltd., London & Colchester
